

Climate change and human rights in the Pacific

— fact sheet

Sample document for the OHCHR Pacific demonstration website, prepared by Titan Technologies. Not an official OHCHR publication.

Why it matters

Climate change affects the rights to life, health, food, water, housing and culture.

What States have agreed

States have obligations to protect people from foreseeable harm, including harm from climate change.

What rights-based climate action looks like

Participation of affected communities, protection of those most at risk, and access to information and justice.
